## 09:00 KICK - OFF

Welcome from Fifth Dimension - Magical Entertainment [Jeff Burns, Ivor Smith](#)

Technology & Agentic AI Updates [James Mullins, Rock Flow Dynamics](#)

tNavigator Techbyte - Petrophysics & Team Work

**Integrating Structural Uncertainty into Reservoir Simulation Workflow** [Bich Thuy, Santos](#)

**Integrated Uncertainty Workflow for Stimulated Tight Gas Reservoirs** [Christian Nathanael, Santos](#)

## 11:00 COFFEE BREAK

tNavigator Techbyte - Geophysics & Geosteering

**Understanding Geophysical Properties of Fluids for Monitoring a CCS Project at the Kapuni Field** [Steve Morice, Todd Energy](#)

From Outcrop to Subsurface: Modelling the Walker Creek Anticline with Limited Data  
[Sarah Wright, Echelon](#)

TST (True Stratigraphic Thickness) Correlation and Modelling in tNavigator  
[Lawrence Grant-Woolley, Todd Energy](#)

## 12:30 HALF TIME

## 13:30 SECOND HALF

tNavigator Techbyte - RPA & Project Case Study

**The Geogrid: A Modelling Approach for Regional Screening in Unconventional Plays**  
[Ahmed Rezaei, Santos](#)

An Integrated Subsurface to Surface Workflow with Compositional Models  
[Jeffry Robert, Santos](#)

Australia Future Energy Challenge

## 14:40 COFFEE BREAK

**Multiscale Modelling of Hydrogen-Brine Systems: From Pore-Scale Capillary Physics to Continuum-Scale Heterogeneity Analysis** [Mohammed Ebadi, UNSW](#)

tNavigator Techbyte - UX/UI - Feedback & Design Process

Interactive Session

**Closing Remarks** [Scott Harrison, Rock Flow Dynamics](#)

## 16:00 FINAL WHISTLE, POST-MATCH DRINKS
